Oners the best inducements for either or both. Where or when will you ever again have a chance to buy ground, 375 feet elevation, in the best Northwest section, graded to three feet terrace; granolithic sidewalks, curbing, shade trees, water, sewer, electric lighting, etc.—in fact, with every city convenience and car service—and at the low price of \$450 and upward? \$100 down; \$20 per month; 5 per cent interest. Everyone who knows anything should know it will double in value in less than two years. In fact, we have sold lots for investment, and they are held at 50 per cent advance, and will get it within a year when the improvements are all finished. Don't delay and afterward regret.
